

Dear Parents,

Handing over the car keys to your teen driver is a scary proposition for many parents. That is understandable, as car crashes are the number one killer of our youth in the United States today. In an effort to help educate parents and teens on how to avoid becoming one of these tragic statistics, we have enclosed a DVD, developed by the Insurance Institute for Highway Safety, for you and your teen driver to view. Also enclosed is a quiz on the key concepts to keep your teen safe as well as a sample “young driver contract” should you wish to use it.

Enumclaw Insurance Group is committed to providing its members value in both the insurance products and claims services we offer but also by providing information that you may find helpful. We hope that the DVD and other materials are useful in keeping your teens safe as they enjoy the freedom of safe driving.

Sincerely,
